Enclosed please find one original and one copy of the Silver City Operations Heap Closure Plan including Appendix I Reclamation Plan.

We regret that we did not provide this to you earlier in the month due to discussions with a third party mining company expressing interest in acquiring the Silver City Operations in order to utilize same for leaching of prospective mine production.

We will be available with Messrs. Spor, Gast and Matthews to discuss with you at your convenience beginning next week.

Sincerely,

W. G. Webb
